NON-LOCAL ONLINE TECHNOLOGY SUPPORT VENDORS

Candootech.com

Liz Hamburg, Founder and CEO

Hours: 9 am – 8 pm EST, Monday - Friday

Phone: 646-758-6606

Email: support@candoo.com

Website: <http://www.candootech.com>

Cost: \$50/hour online sessions; \$180 device installation and setup; Memberships for unlimited services available at \$180/individual or \$270/couple per year or \$15/month. Memberships also provide “Quick Support” for up to 30 minutes for questions, but not for tutoring or more time-intensive services such as setups.

Candootech is an online support service that gives older adults the freedom to stay independent, safe from online scams and empowered by providing remote technology support and training designed specifically for seniors.

Services offered:

- Support for most devices, including Smartphones, Apple, PC or Chromebook computing devices, Tablets, Home Safety Devices and Accessories such as Alexa, Google Home, Printers, Routers.
- Offers remote sessions to fix what’s not working, advise on and setup new devices and teach the client how to use its technology.
- Communicates clearly with clients and, if they choose, with their adult children or caregivers.
- Works directly with consumers and with senior living facilities, Area Offices on Aging (e.g. PCOA) and other groups supporting older adults.
- Advises on new phones, tablets, computer purchases by helping client determine what to buy, then will set it up so that it is ready when the box is opened by the client. Consultation, setup and one-hour remote lesson included.
- Provides free downloads and online tutorials for instruction on how to use Facebook, Zoom, order shopping or get food delivery.

LOW-COST INTERNET ACCESS

AGING CONNECTED.ORG

Phone: 877-745-1930

Aging Connected is a national, cross-sector campaign to bridge the digital divide and help older adults access essential public health information, social services, online community and more through affordable, accessible internet. The site searches for low-cost internet options based on ZIP code. Participants may qualify for low-cost access to the internet and possibly be provided with a PC. Low-cost internet is approximately \$10/month with no installation or rental fees. Low-cost computer equipment may also be available.

To qualify, the client must participate in one or more of the following programs:

- Low-income (household of four: at or below \$49,000 annual income)
- Live in public housing
- Have a K-12 student or college student in your household
- Participate in the National School Lunch Program (free or reduced lunch at school)
- Participate in Supplemental Nutrition Assistance Program (food stamps or CalFresh)
- Participate in Temporary Assistance for Needy Families Program - TANF (or CalWorks)
- Participate in Supplemental Security Income (SSI)
- Participate in Medicaid or Medi-Cal
- Participate in Women, Infants, and Children (WIC)
- Participate in Head Start
- Participate in Low Income Home Energy Assistance Program (LIHEAP)
- Participate in Veterans Pension and Survivor Benefits
- Participate in Community Eligibility Provision (CEP)

Once connected, clients can access free introductory classes about the internet (and many other ageing-related topics) at SeniorPlanet.org.
